BACKGROUND

IME are proud to have assisted in the (continuing) development of a unique ‘British style’ driven pheasant shoot in southern China. This wonderfully unique experience is the only licensed shoot in China and therefore the only place in the world where you can legally shoot Pheasant in its indigenous surroundings.

Located just two hours (door to door) from Central, Hong Kong, the Glenderry shoot is based in a beautiful valley just 45 mins from Zhuhai. Situated within the Pine Valley Country Club, the Glenderry shoot offers visitors a one of a kind experience in China.

THE DAY

On arrival in Zhuhai, you will be picked up from the ferry and driven to the country club, where you will be welcomed with breakfast, coffee/tea and a full brief about your day from one of Glenderry’s experienced shots or keepers.

Due to strict firearms laws in China all of the guns will only be provided at Pine Valley. Here you will be taken to the armory to select your shot-gun of choice from their wide selection of European made guns.

The Olympic standard skeet range will give you the chance to become accustomed to your gun and get your eye in whilst engaging in some healthy competition with your guests. Most importantly though, this is where you will receive a full and thorough safety briefing for the day. We would suggest that even the experienced guns come and shoot a few clays to familiarize yourself with the gun.

After familiarization on the clays we will begin the days shooting and commence with 4 to 6 pheasant drives and then finish the day with the infamous duck drive. As well as shooting you will also enjoy a delicious lunch. Later on, prior to the duck at dusk, you will experience a stunning afternoon-tea by the lake.

Whilst the day’s bag is being collected by the gun dogs, there will be the chance for photos and sundowners; this will be the perfect time to recount the tales of the day.

For those who are in a hurry to return to Hong Kong, we will ensure you depart in time to make the 7.30pm ferry from Zhuhai, meaning you arrive back into Hong Kong just after 8.30pm. For those who wish to stay longer, Pine Valley Country Club offers a huge range of facilities (please see further facilities section) including golf, fishing, rowing, tennis, squash and snooker.

CATERING OPTIONS

The cuisine at Pine Valley is excellent and shooting guests will be offered a variety of menus. If the guests would like a different menu or different wines then these can be arranged as optional extras in advance of the day.

“Shooting a pheasant in China, in the very area they originated from was an experience I will never forget. Hong Kong, Macau and pheasant shooting – what a fantastic combination and well worth every mile we flew from London.”

- John Grant
Seymour Pierce

“What a place. Skeet, pheasant shooting, squash, badminton, swimming, tennis, cycling, golf, billiards, pool, snooker, frida – you name it, we played it!”

- James Burdett
JP Morgan

OTHER FACILITIES

There are plenty of other facilities at Pine Valley Sports and Country Club:

There is a beautiful 18 hole golf course which has been created in the magnificent setting of Pine Valley. It offers a wide variety of interesting and challenging playing conditions with each hole carefully crafted along the lake and rolling hills to provide one of the most scenic courses in the region.

The lake is home to a variety of fish. Coarse fishing is very popular with the biggest fish caught weighing in at a massive 43 pounds.

Pine Valley also prides itself on its cuisine. Organic vegetables and free range animals are nurtured and grown on the estate. The chefs can tailor a menu to your taste and even cook the day's bag in a number of different ways to produce a fantastic dinner following your day's shooting.

For those more energetically inclined, how about a game of tennis, squash, or badminton, a brisk hike, a few hours cycling in the surrounding countryside or a thorough workout in the fully-equipped gym.
